Bricks

Bricks is a collection of sustainable design objects made of top-quality surplus wood from our production of Douglas planks. Out of respect for nature and to maximize sustainability, we always strive to use even the smallest piece of wood.

Bricks can be used for a wide range of purposes. From cutting and serving boards to a platform for still lifes and decorative experiments.

Product	Variant	Measurements	Douglas Classic	Oak Classic
D5501-1	Bricks No 1	15x15, 25x25, 35x35 cm	120 EUR	148 EUR
D5501-2	Bricks No 2	20x20, 30x30, 40x40 cm	161 EUR	200 EUR

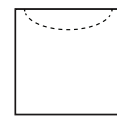

Bricks are delivered sanded and unfinished. If you are going to use them as cutting or serving boards, we recommend that you finish them with neutral cooking oil to preserve their beauty. As wood is a natural material, it will show cutting marks over time.

Dunes - Cognac

Textile

Our textile cushions are upholstered with textile from Kvadrat's Vidar 3 collection. A tried and tested, hard-wearing and beautifully woven wool collection in colourways designed by the English designer Raf Simon.

Finish

All our furniture is delivered finished. The wood is treated with linseed oil, which seals the surface and makes it dirt-repellent. The characteristics of the wood are highlighted differently depending on your choice of oil finish.
